MEMORANDUM

TO: Samuel Gonzales, Vice President for Student Affairs

THROUGH: Dr. Harry Millwater, Associate Dean for Graduate Students
College of Engineering

FROM: Dr. Wonjun Lee, Assistant Professor, Department of Electrical and Computer Engineering

RE: Request for approval of “Cloud Security Lab Competitive Scholarship”

The Department of Electrical and Computer Engineering is planning to award 2 competitive scholarships of $1000 for 2016-2017. The required information is given below:

- **Title of the Scholarship**: 2016 Cloud Security Laboratory Competitive Scholarship
- **Account Number/Cost Center**: DEX140
- **Criteria Used in Awarding the Scholarship**:
  - The awarded student must be interested in research in the area of cloud and security.
  - At the time of award, the student would not be committed in employment engagement(s), unless special permission is granted by the Cloud Security Lab Scholarship Committee.
  - Must demonstrate merit, knowledge, and potential in graduate research in the area of cloud and security.
  - The awarded scholarship will have the duration of one semester and continuation for another semester is based on academic and research performance.
- **Awarding Committee Members**:
  - Dr. Wonjun Lee
  - Dr. Junghee Lee

Upon approval of this request, it will be advertised (see next page for the Scholarship Announcement flyer) for two (2) weeks in advance of the application deadline.
